

## International People's Program (IPP) 19+ years

International People's Projects (IPPs) are locally run projects that benefit a community and its environment. In partnership with local organizations, a group of volunteers from at least four different countries work together on a community project, such as combating environmental degradation, support for immigrants or an arts-based regeneration scheme.

IPPs are personally fulfilling, giving you the chance to learn new skills and ways of thinking and make lasting friendships. They are an opportunity to live and work as part of a community, in an authentic cultural experience that will make a genuine difference.

Around 25 volunteers participate in each IPP, including staff

### International People's Project Application

Please register online before completing this form. To be eligible you must be 19 + years old at any time between November 1 and January 31 of the travel year.

Given Name							
Surname							
Number & Street

In order for us to be able to offer travel opportunities, CISV London must host a camp every two years. This requires commitment on your behalf to remain involved in CISV London before, during and after your participation in the program. We require families to help fundraise, coordinate events, supervise activities, host delegates and general tasks to sustain the organization and allow others to have the same opportunity as you in the future. How can you help?
